Winner—B f, by Wadsworth—Norma.

Went to post at 2:36. At post 10 minutes. Start good. Won easily; second the same. Myra Morella was well handled, came away in the stretch when called on and won with plenty in reserve. Olekma ran well, and with better handling would have been closer up. Tatar performed smartly, and the race will probably do him good. Nina B. L. was badly ridden. With a good rider she would in all probablity have been placed. Good Knight will bear watching. Masterful had no mishaps. Tophet would not break.

Overweights—Good Knight, 5 pounds.

Went to post at 3:53. At post 2 minutes. Start good. Won driving: second handly, Add was lucky to get clear of the field in the last sixteenth and under hard pressure got up in the final stride. Princess Otillie weakened when she appeared to be the winner. Kohnwreath had bad racing luck and ran a good race. There was a jam soon ster the start in which Master Mariner had bis chances ruined. Haidee also suffered by this and was eased up.

Went to post at 4:27. At post 3 minutes. Start good. Won driving: second easily. Amote and Marcos fought it out hard through the last quarter and Rice seemingly ontrode Coburn at the end. Dandola handled the weight splendidly and finished strongly. He was sharply interfered with at the half. Man was made too much use of in the early stages. Had Lindsay used better judgment he would have finished in the first three. Pyrrho showed early speed but quit badly.

Went to post at 4:56. At post 1 minute. Start good. Won driving; second easily. Eda Riley ran well but was forced to do her best in the stretch to stall off Deloraine. The latter suffered from much interference. She was sharply cut off at the half mile ground and when she attempted to get through on the stable turn was again cut off and nearly thrown down, but for this she would, in all probability, have won. Janowood ran to her mark and had no mishaps. The others were outclassed seemingly.

Overweights—Monmouth Boy, 3; pounds.

Winner—Ch. f, by Apache—Jennie K.

Went to post at 2:43 At post 1 minute. Start good. Won handly; second easily. Rose of Hilo was cleverly handled, caught the pacemakers tiring at the end and finished fast but was probably lacky to beat Urchin. The latter ran a good race but evidently lacked in condition. Trimmer displayed a fine order of speed but tired unexpectedly in the stretch. Romany finished well. Koenig got off poorly.

Rose of Hilo, show, evens. Urchin, show, 1 to 2. Trimmer, show, 2 to 1.

Went to post at 3:07. At post 2 minutes. Start bad. Won handily; second easily. Ordnung is a quick beginner, in brilliant form and probably was best in the going without his advantage at the start and at the distance. Antolight, however, broke flat-flotted several lengths behind and closed a tremendous gap. Articulate failed to take advantage of the best start and failed to stay in the stretch drive. He will show better form over a longer distance.

NOTES OF THE TURF.

John Masterson, St. Louis, Mo.-The rules of the Western Jockey Club and of the American Turf Congress both contain this provision. "No contract shall be binding under these rules, the provisions of which give to an em-ployer any interest whatever in the earnings of a jockey, and a license shall not be granted to a jockey bound by such contract. An employer or jockey misrepresenting the terms of a contract may be fined, suspended or ruled off."

Sidney Paget, racing manager for Mr. W. C. Whitney, is at Lexington, Ky., spending a few days in the blue grass country looking over the

weanlings belonging to Mr. Whitney and select-ing the best for stake entries. He says his visit has not the remotest connection with the re-moval of Mr. Whitney's stud from LaBelle farm to Rancocas. The deal for the lease of Rancocas, he says, is positively still in the stage of negotiation.

The St. Louis Derby of 1902 to be run at the Fair Grounds next June, will at the lowest valuation amount to \$15.000, with a possibility of going up to \$18,000.

Jockey Spencer, according to a San Francisco paper, thinks of going to England to ride next He and jockey Scherrer have taken a ome in Berkeley,

Little Jimmy Michaels, the clever bicyclist has signed to ride horses in France next year for a man named Cooke.

GOSSIP OF THE TURF.

The English! Field draws attention to the fact that the prosecution of John Oke, a steeplechase rider, at the Bideford Petty Sessions re-cently, raises the question of the expediency or otherwise of the use of spars in a race and says: "It was alleged that on Oke's mountirefusing a fence at the Bideford steeplechases she was unmercifully spurred. There was, of course, the usual hard swearing, for, whereas, one side declared that the mare had been cruelly spurred, witnesses for the defense stated that she was scarcely touched at all.

The bench, however, fined the defendant £1 and costs. Of the facts of the case we say nothing, but the question of the use of spurs is involved, as also is that of what to do with a refuser. There is no doubt that spurs were originally nothing more than goads, except so far as spurs of gold or silver marked the social position of the wearer. Then, in later days, when horsemanship came to be better understood, the spur was an aid, and, as one writer stated, was employed to 'turn the croup'—in other words, when the left spur was applied, the horse's hindquarters went to the right. On the turf many owners and trainers will not allow icch. nothing more than goads, except so far as spurs many owners and trainers will not allow jockeys, especially lade, to wear spurs at all, and they are doubtless right. Spurs, as we know. are almost universally worn in the hunting field, but simply as a set-off to a boot, whether a top or black, and nearly every man who buys a pair of spurs has the rowels nipped off, or has a three-panny piece inserted instead. A blood-stained hunter is quite the exception, with men who can ride, and it is happily the case that when spurs with what has been called in America a 'business end' to them are worn comparatively few men can use them, with effect. The girths get more of the spurs than does the horse's body. Those who know most about riding are perfectly well aware that in an ordinary ing are perfectly well aware that in an ordinary way spurs do more harm than good; but what to do with a refuser in a steeplechase is, it must be confessed, a difficulty. Most experienced jockeys are of opinion that the application of the spur causes a contraction of the muscles and does not confuse to the house parting fact. and does not conduce to the horse putting forth its best powers, nor does the use of spurs, as a rule, cure a refuser. A whip is much more effective, and hands and leg pressure, perhaps, do more than either."

J. B. Haggin, the multi-millionaire breeder

and owner of thoroughbreds, is contemplating an extension in racing affairs. At the present time he has upward of one hundred yearlings and horses of other ages in the care of C. Littlefield, Jr., at Eatontown, N. J. So extensively dose Mr. Haggin intend to push his racing interests that he has purchased four acres of land on Neck Road, near Ocean Boulevard, Sheepshead Bay, on which he will build the most modern racing stable in the country. While the building has not yet been commenced, it is more than probable that it will be completed before the opening of the season at the larger tracks next year. The colors of Mr. Haggin were not seen on the New York tracks for some years until this year when he raced Water Color and a few others. Next year there is is every probability that the Haggin colors will be very prominent in all the stakes.

A despatch from Washington says that August Belmont and his associates constituting the Eastern Jockey Club have aunounced that all participants in the proposed race meeting at Charleston, will be outlawed. This is a severe blow for the new racing association and will keep many of the second raters from the east from participating. While this order will keep many fair horses from going there, it will probably have no influence on the promoters, as they have enough horses at the track at present to successfully conduct a race meeting. Many of them are already under the ban of the Western Jockey Club and the new order won't hurt them to any extent. Just why the ban was placed on the Charleston meeting has not been announced. The chief reasons were, probably, that it is a half mile track and that the meeting will be conducted by J. N. Hill, of St. Asaph fame.
